INDEPENDENT AUDITOR'S REPORT

To The Board of Directors of
Double H Ranch, Inc.

We have audited the accompanying financial statements of Double H Ranch, Inc. (a non-profit organization, hereinafter referred to as the Ranch), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Ranch as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Ranch's 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated April 1, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

(With Comparative Information for 2015)

Organization and Significant Accounting Policies

Organization

Double H Ranch, Inc. (the Ranch) is a non-profit corporation organized under Not-For-Profit Corporation Law of New York State on April 24, 1992. As of December 31, 2016, the tax years that remain subject to examination by taxing authorities begin with 2013.

The Ranch is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Ranch's tax-exempt purposes is subject to taxation as unrelated business income. In addition, the Ranch qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

Program and Supporting Services

The following programs and supporting services are included in the accompanying financial statements:

Activities

Operations of an organization that provides specialized year-round program services for children and their families dealing with life threatening illness.

Ski Program

Operations of a winter adaptive ski program not open to the general public, to enable seriously ill children who participate at the Ranch to enjoy the sport of skiing.

Medical/Clinical

Provides medical services for children with life threatening illness who participate at the Ranch.

Food Services

Provides meals for the children with life threatening illness who attend the Ranch.

Facilities Management

Includes the maintenance and upkeep of the facilities in order to ensure the safety of the children participating at the Ranch.

Management and General

Includes the functions necessary to maintain an equitable employment program; ensure an adequate working environment; secure proper administrative functioning of the Board of Directors; and manage the financial and budgetary responsibilities of the Ranch.

Fund Raising

Provides the structure necessary to encourage and secure private financial support from individuals, foundations and corporations.

Financial Statement Presentation

Financial statement presentation follows FASB ASC 958-210. Under FASB ASC 958-210, an organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

The amounts for December 31, 2015 in the accompanying statement are included to provide a basis for comparison with December 31, 2016 and present summarized totals only. Accordingly, the December 31, 2015 amounts are not intended to present all information necessary for a fair presentation in accordance with generally accepted accounting principles.

Notes to Financial Statements

(With Comparative Information for 2015)

Organization and Significant Accounting Policies – Continued

Financial Statement Presentation – Continued

The following classes of net assets are maintained:

Unrestricted Net Assets

The unrestricted net asset class includes general and board designated assets and liabilities of the Ranch. The unrestricted net assets of the Ranch may be used at the discretion of management to support the Ranch's purposes and operations.

Temporarily Restricted Net Assets

Temporarily restricted net assets include donations for a particular asset or program. When the contribution is used for the purpose intended, the amount is released to unrestricted net assets.

Permanently Restricted Net Assets

Permanently restricted net assets consist of endowment fund investments to be held indefinitely, the income from which is expendable to support the Ranch's programs and operations.

Use of Estimates

The presentation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value Measures

The Ranch has adopted ASC 820-10. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (GAAP) and expands disclosures about fair value measurements. ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820-10 are:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 – Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3 – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Ranch's investment in money market funds and certificates of deposit with maturities less than 91 days have been considered a cash equivalent.

Notes to Financial Statements

December 31, 2016
(With Comparative Information for 2015)

Organization and Significant Accounting Policies – Continued

Concentration of Credit Risk

The Ranch has several deposit accounts at two financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Cash at these institutions may at times, exceed Federal insured limits. The amount in excess of the FDIC limits totaled \$1,184,099 and \$846,078 at December 31, 2016 and 2015, respectively. The Ranch has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

The Ranch also maintains cash and securities at brokerage firms which are insured for up to \$500,000, with a limit of \$250,000 for cash, by the Securities Investor Protection Corporation (SIPC). The risk is managed by maintaining cash and securities in high quality financial institutions.

Inventories

Inventories are stated at the lower of cost (determined by the first-in, first-out method) or market. Inventories consist principally of merchandise held for re-sale.

Fixed Assets

Property and equipment are stated at cost. The Ranch follows the practice of capitalizing all expenditures for land, buildings and equipment in excess of \$1,000. The fair market value of donated fixed assets, if significant in amount, is also capitalized. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets. Interest incurred during construction is not capitalized.

Securities

Investments in marketable securities are stated at fair value. Realized and unrealized gains or losses are determined by comparison of costs (determined on a first-in, first-out basis) to proceeds or market, respectively.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in unrestricted net assets. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Restricted contributions whose restrictions are met in the same reporting period are recorded as unrestricted contributions.

Non-Cash Contributions

Donated real estate, furniture, equipment and services are reflected in the financial statements at their estimated market values at the date of receipt.

Unconditional Promises to Give

Contributions are recognized when the donor makes a promise to give to the Ranch that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The Ranch believes that all promises to give are collectible within their specific time period, thus no allowance for uncollectible promises to give is maintained. Unconditional promises to give due in subsequent years are reflected as long-term promises to give and are recorded at the present value of their net realizable value, using interest rates applicable to the years in which the promises are received to discount the amounts.

Organization and Significant Accounting Policies – Continued

Advertising and Promotion

The Ranch expenses advertising as incurred. Advertising and promotion expense was \$130,293 and \$137,158 for the years ended December 31, 2016 and 2015, respectively.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs that benefit more than one function have been allocated among the programs and supporting services.

Adoption of New Accounting Standard

During the year ended December 31, 2016, the Ranch early implemented the provisions of Financial Accounting Standards Board Accounting Standard Update No. 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*. This standard requires certain disclosures related to cash, cash equivalents and restricted cash. Due to the early implementation of this standard, the statement of cash flows for the year ended December 31, 2015 was restated to reflect the balance including restricted cash and cash equivalents.

Reclassification

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the current year presentation. These reclassifications had no effect on reported changes in net assets.

Cash and Cash Equivalents

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the statements of financial position that sum to the total of the same such amounts shown in the statements of cash flows at December 31, 2016 and 2015.

	<u>2016</u>	<u>2015</u>
Cash and cash equivalents	\$ 841,848	\$ 837,422
Restricted cash and cash equivalents	915,555	31,000
Cash and cash equivalents, non-current	1,005,009	573,014
Restricted cash and cash equivalents, non-current	<u>1,001</u>	<u>102,512</u>
Total cash, cash equivalents, and restricted cash	<u>\$ 2,763,413</u>	<u>\$ 1,543,948</u>

Amounts included in restricted cash and cash equivalents represent those required to be set aside for temporarily restricted purposes in relation to capital construction projects and cash received with a donor imposed restriction that limits use of that cash to long-term purposes.

Non-Cash Donations - Continued

The following non-cash donations were not valued in the financial statements as there is no objective basis available to value these items:

1. The use of the facilities where the Ranch operates were donated by the Charles R. Wood Foundation which owns the real and much of the personal property at the site. All operating and maintenance expenses for the facilities are the responsibility of the Ranch.
2. Some of the medical attention provided to the children attending the Ranch by physicians and registered nurses who volunteer their services.
3. Various program help and support of daily operations of the Ranch including counseling, chaperoning, grounds maintenance, housekeeping and coordination of various camper activities were provided by the general public of the surrounding communities.

Special Events

During the years ended December 31, 2016 and 2015 the Ranch held several fundraising events. Net revenue generated from events was as follows:

	<u>2016</u>	<u>2015</u>
Gross events revenue	\$ 1,066,025	\$ 1,047,837
Expenses relating to events	<u>(249,192)</u>	<u>(200,054)</u>
Net revenue generated from events	<u>\$ 816,833</u>	<u>\$ 847,783</u>

Contributions received at events in addition to ticket sales are included in gross event income.

Special events revenues are presented in the statement of activities net of expenses.

Lease Revenue

In 1995, the Ranch received a donation from Charles R. Wood of 1.597 acres of land, valued at \$540,000, which was under a long-term lease with Burger King Corporation; the land has been improved for use as a Burger King Restaurant outlet. The property is located in the Town of Queensbury, New York between Exit 19 of I-87 and Route 9 adjacent to the enclosed Aviation Mall facility.

The current lease expired in December 2015 and called for annual rent of \$54,000 in 2015. An appraisal was conducted by an outside source and valued the current rental payment at \$57,000 on an annual basis. The lessee is responsible for all expenses relating to the property including repairs, maintenance, insurance and real estate taxes. The lessee, Carrols Corporation, exercised its option to renew its obligation under the lease for four additional periods of five years each with annual rents starting in the initial five-year period of the option at \$57,000 and graduating to \$91,291 in the last five-year period which ends December 31, 2035.

Commitments and Contingencies

The Ranch leases the land and buildings in Lake Luzerne, New York from the Charles R. Wood Foundation for \$1 per year. It is a 40 year lease that was renewed in 2005 for 10 years, renewed in 2015 for 25 years, and renewable in 2040 for an additional 25 years.

In August 2016, the Charles R. Wood Foundation Board approved the option of extending the lease agreement with the Double H Ranch, Inc. The lease agreement was extended from 2040 to 2065 with an annual payment of \$1 due to the Wood Foundation. The Double H Ranch, Inc. Board voted to accept the lease at that time instead of waiting for the current lease to expire. A lump sum payment of \$25 for the years covered under the lease extension was prepaid .

Pension Plan

The Ranch has a Simple IRA Plan available to all full-time, year round employees after three months of service. The Ranch matches dollar for dollar up to 3% of the employee's base salary. The Ranch's contribution was \$30,633 in 2016 and \$30,230 in 2015.

Deferred Compensation

On or about February 23, 2009, Double H Ranch entered into a deferred compensation plan with the Chief Executive Officer. Double H's obligations under the plan are being funded by means of a life insurance policy with Northwestern Mutual Life Insurance Company. Under the terms of the plan, the Chief Executive Officer will begin receiving annual benefits at age 62 from the cash surrender value of the policy. In the event of his death before age 62, the deferred compensation agreement stipulates the employee's death benefit, in an amount ranging from \$420,000 to \$567,000 depending upon his age at death (from age 56 through age 62), that is to be paid to his designated beneficiary.

The deferred compensation is recorded at the amount that can be realized under the insurance contract at the balance sheet date, which is the cash surrender value adjusted for other charges or other amounts due that are probable at settlement. A liability is also accrued for the obligation under the plan. The expenses incurred for the deferred compensation for the years ended December 31, 2016 and 2015 were \$46,314 and \$46,314, respectively. The resulting deferred compensation liability was \$360,000 and \$315,000 as of December 31, 2016 and 2015, respectively.

Subsequent Events

The Ranch has evaluated all events through March 15, 2017, the date which these financial statements were available to be issued, and determined that there are no subsequent events which require disclosure.
